**\$649.99**

The Core 2 Duo Processor from Intel is the most well known processor in the industry, with many years of tried and true stability and performance. Intel's processors perform better than AMD Athlon X2 processors. Intel Core 2 Duo Processors are designed for multimedia, gaming, productivity work, and multitasking.

All system orders require a non-refundable 25% down payment. Please allow 1-2 weeks for shipping and assembly. All parts and upgrades are subject to availability. Prices effective 02/06/09 and are subject to change.
